

College Board Compromise Bill Passed

BY JOHN R. STARR

LITTLE ROCK (AP)—The Arkansas House today passed a compromise bill to set up an overall board for the University of Arkansas and state colleges.

The vote on the revised measure was 6-0. A stronger bill had passed the House 58-7 earlier, but the Senate watered this down.

The House made three minor amendments which must be approved by the Senate before the bill goes to Gov. Orval E. Faubus.

Faubus has promised to appoint members of the board before another special session, tentatively scheduled for Sept. 18, so the Senate can confirm them then.

The compromise measure was worked out after lengthy discussions involving the governor, college officials and members of a legislative bloc which had threatened to disrupt the session unless some overall board bill was approved.

The compromise bill creates a 10-member board with advisory authority over all fiscal affairs at the institutions.

The bill passed by the House earlier would have given the board absolute authority over fiscal matters.

Senate amendments took all the teeth out of the original House bill and its author, Little Rock County Rep. Marion Crank, had it recalled without seeking a Senate vote.

Sen. Tom E. Allen of Brinkley sponsored the compromise measure, which got through the House after about 45 minutes of debate today.

The bill did not carry an appropriation and so needed only 51 votes to pass.

Proponents said an appropriation to finance operations of the board would be introduced at the next special session. In view of the urgency of the measure today, the appropriations measure, without which the board probably cannot function, may be hard to pass.

Seventy-five votes are required to pass an appropriation.

Lincoln County Rep. G. D. Smith Jr. said he was "tired of stumbling over college presidents, each lobbying for his own school."

He said the overall board would remove the necessity for college presidents to lobby.

Bradley County Rep. Bill Wells took an opposite view. Speaking against the bill, he said, "I don't think he'd be much of a president if he wasn't down here trying to help his school."

Montgomery County Rep. Ode Maddox tried to block action on the bill under a rule which requires that a proposed measure be printed and on members' desks for 24 hours before it can come to a vote.

Since the Senate did not pass the bill until Thursday afternoon, Maddox thought it was impossible for it to have been printed in compliance with this rule. However, Chief Clerk Hal Moody advised the House that printed copies were distributed before 10 a.m. Thursday even though the bill was still pending in the Senate.

LITTLE ROCK (AP)—Highway Director L. R. Oliver said today that no definite action had been taken toward the state establishing a free ferry at the Highway 1 crossing of the Arkansas River between Arkansas and Desha Counties.

The Legislature, at its regular session last winter, directed that the Highway Commission furnish such a ferry by July 1. No penalty was provided for delay.

Oliver said there had been some preliminary discussions with Clay Cross, who operates a toll ferry at the site, but that was all.

The Highway Commission has established free ferry at Sylamore where Highway 9 crosses the White River between Izard and Stone Counties. This also was directed by the Legislature. No ferry had been operated there recently.

Smith Choice for Justice Post

LITTLE ROCK (AP)—William J. Smith, legal adviser to Gov. Orval E. Faubus, is the top choice to replace retiring Supreme Court Justice J. M. Holt, Capitol sources said Thursday.

But there was a report that Neil Bohlinger, special counsel to the state Highway Commission, also was under consideration for the temporary appointive post.

Holt retired Monday.

Smith served two months on the court in 1958, when Justice Minor Milwee retired after having been defeated for re-election by Justice Jim Johnson.

Miller Co. to Get Library Plan Test

A group of library-minded citizens from Miller County met with Mrs. Karl Neal, Executive Director and Librarian of the Arkansas Library Commission and the Hempstead-Nevada Regional Library Board to discuss a demonstration of library service to rural Miller County.

Hempstead-Nevada Regional Library for the past two years, has been a part of a federal project which was made possible by the Library Service Act. This act is designed to strengthen and expand libraries serving rural areas and to give services to areas with out library service.

Judge B. B. Lanier appointed a six member library board of the following: Cecil Morris, E. A. Morris, Mrs. Elizabeth Huber, Mrs. Lucy Milkey, Mrs. L. B. Kennedy and Mrs. Shirley Cox. The county judge is ex-officio member. At the board's organizational meeting, Mrs. Kennedy was elected chairman and Mrs. Cox, secretary.

The board made plans to work with the Arkansas Library Commission and Hempstead - Nevada Regional Library in the demonstration of library service to rural Miller County from the library headquarters at Hope, Mrs. Hazel Prichard, Regional Librarian of the Hempstead - Nevada Regional Library, will be in charge of the demonstration.

The only requirement for rural Miller County's participation in the program for the next two years is that the members of the board would work with rural citizens to secure their local support of the program through the passage of the one mill library tax at the general election, in Nov. 1962.

Plans have been made for the schoolmobile to begin operation on Sept. 12. Bookmobile schedules will be worked out and the routes and stops will be announced at an early date.

Rice Farmer Loses Round

LITTLE ROCK (AP)—James Weir, a Chicot County rice farmer, lost another round with the government Thursday when Federal Judge Gordon E. Young ruled the government can legally measure his 1961 crop.

Young granted a temporary injunction to allow the Agricultural Stabilization and Conservation Service to measure the crop.

Weir's attorneys said they would seek a stay order to allow them to appeal the decision to the 8th U.S. Circuit Court of Appeals in St. Louis.

Weir contends price supports and acreage allotments are unconstitutional. He said the crop measure would be an invasion of his rights.

Weir was fined \$9,500 in 1959 for overplanting and the government is seeking \$17,000 for a 1959 penalty. The Chicot County ASC committee also assessed a penalty in 1960.

A. R. Trout took over today as general agent for Esso Humble Oil Co. for this area, replacing L. L. Rowland who is going in business for himself as tank and pump installer for the oil firm.

Department Store Sales Are Up

ST. LOUIS (AP)—Department store sales in the Eighth Federal Reserve District rose two per cent the week ended Aug. 26 over sales of the similar week in 1960, the Federal Reserve Bank of St. Louis reported today.

Louisville had the longest increase, 12 per cent. St. Louis was up one per cent and sales in seven smaller district cities climbed seven per cent.

Memphis had a drop of four per cent.

Sales in the district for the four weeks ended Aug. 26 were one per cent below those of the similar period in 1960.

District sales to date were also one per cent down.

McClellan Recesses Racket Probe

WASHINGTON (AP) — Sen. John L. McClellan has recessed Senate racket hearings with this observation: "Race information wire services, operated for the benefit of bookmakers, must be put out of business by federal law."

And, the Arkansas Democrat added Thursday, his Senate investigations subcommittee "will recommend a law to bring this about soon."

McClellan ran into persistent pleading of the Fifth Amendment's protection as he sought to quiz race wire operators about their business. He said race wires are "the very life blood" of bookmaking and that hoodlums who run such enterprises cheat the government out of billions of dollars a year in income and waging taxes.

McClellan recessed the hearings until Sept. 7, when the investigation will focus on the business of setting betting odds in horse racing, basketball, football, baseball and other sports. The subcommittee already has heard odds can be rigged—and often are—in favor of bookmakers.

Owen (Owney) Madden, the old New York mobster, invoked the Fifth Amendment Thursday when the subcommittee sought to learn if he now operates a race wire service in Hot Springs, Ark.

Now 68, Madden said he had given up "criminal activities" and retired, but he refused to tell from what he retired. He said that might incriminate him in some way.

Worker Survives 88 Foot Plunge

DUMAS, Ark. (AP)—A 4-year-old metal worker survived an 88-foot plunge from a grain dryer here Thursday.

The U of A students in engineering will continue to study under scholarship awarded by the L. B. Smith Estate of Camp Hill, Pa. for the 1961-62 academic year. The trio includes William Roy Tooley, son of Mr. and Mrs. L. B. Tooley, former Hope residents, who is a graduate student.

A picture in yesterday's Arkansas Democrat concerning the band clinic now underway at University Medical Center, Little Rock, show a group of directors doing some precision marching. The group includes Jon Barabarro, director of the Hope band.

That Independent baseball game between Hope and Bodewy, postponed many times because of rain and again last night because of the Jaycee donkey ball game, has been scheduled for tonight at 7:30. The boys are sure hoping for a dry evening.

The winner of this game will meet the Stamps independent team in the district elimination.

Neutrals Are Shocked at Soviet Action

By EUGENE LEVIN

BELGRADE, Yugoslavia (AP)—President Nasser told the opening session of the conference of nonaligned nations today that the Soviet decision to resume nuclear tests was a shock and would cause the international situation to deteriorate further.

The other two sponsors of the 24-nation conference, Presidents Tito of Yugoslavia and Sukarno of Indonesia, made no mention of the Soviet nuclear decision in their speeches at the conference's first plenary session.

But Nasser, leader of the United Arab Republic, expressed "deep regret" at the Soviet announcement and said it was "a shock to me and to world public opinion."

"Whatever the reasons were for the Soviet government decision," Nasser said, "it's most important and clear significance is grave deterioration in the international situation."

Nasser called Berlin and Germany the "problem of problems" and said a meeting between President Kennedy and Soviet Premier Khrushchev is "imperative at the earliest."

The Arab leader said "saber rattling" must end and an "opportunity be left open for calm negotiations on the highest level."

Tito told the 23 other leaders their meeting would assert their right to participate with the big powers in solving world problems.

The Yugoslav president complained that "there still prevails, as in the past, the practice that only the biggest, the most advanced and militarily the most powerful countries attempt to make decisions involving the fate of the world."

This meeting, Tito said, "illustrates, however, that such outdated practices must be discarded, that nonaligned countries can no longer reconcile themselves with the status of observers and voters and that in their opinion, they have the right to participate in the solving of world problems, particularly those which endanger peace."

Indonesian President Sukarno, a sponsor of the meeting along with Tito and Nasser, called for recognition of both West and East Germany and talks between the two to solve the Berlin problem, reorganization of the United Nations, peaceful coexistence between the Western and Soviet blocs and a new effort to achieve disarmament. He did not refer to the Soviet announcement of plans to resume nuclear weapons tests.

"If the Soviet Union chooses to conclude a peace treaty with East Germany, let it be so," Sukarno said.

2 Ineligible at Dollarway, Holt Rules

LITTLE ROCK (AP) — Atty. Gen. J. Frank Holt has told the Dollarway School Board it has no authority to admit two Negro students to any school because their parents have moved outside the district.

The two, Delores Jean York and Bennie Lee York, are among four Negroes scheduled to attend once-white Dollarway School this fall.

The board said their parents had moved to Denver and left them with an aunt. Holt said Thursday no student can attend school in a district of which his parents or legal guardian is not a resident.

Delores Jean integrated the school in the first grade last year and was scheduled to be in second grade this year. Bennie Lee, her brother, would have been in first grade.

The board filed a copy of Holt's opinion with U.S. District Judge J. Smith Henley and asked him what it should do. The board added that it did not want to admit Bennie regardless of whether he was a legal resident of the district. Reasons were listed in a confidential report to the judge.

Henley took no action. He said he wanted to hear first from the attorney for the Negroes in the Dollarway case.

Two other Negroes, Michael Edward, a second grader, and Sammy Wayne Cato, a first grader, are scheduled to attend Dollarway this fall.

TWA Constellation Explodes in Air, 78 Persons Aboard Die

Nation Gets Set for Grim Holiday

By THE ASSOCIATED PRESS

Millions of persons got ready today for the last long holiday weekend of the summer season.

The heaviest motor travel in the nation's history was indicated by safety experts over the three-day Labor Day holiday.

An estimated 74 million cars are ready to roll as motorists prepared to head for vacation and recreation spots, for family outings, to cities and to rural areas.

But a grim warning already has been made by the National Safety Council to the millions of motorists who will be on the road: 420 persons may be killed during the 78-hour holiday period from 6 p.m. today to midnight Monday (local time).

The council estimated that nearly a billion miles of highway travel will be logged—averaging more than 105 million miles an hour during the holiday period.

The council also estimated that traffic accidents may injure some 17,000 persons.

Trains, planes and busses will add to the huge traveling load. Resorts across the country were reported ready for their biggest week-end of the summer.

Law enforcement officials arranged special details to handle traffic and hold the number of highway fatalities to a minimum. In Illinois, Gov. Otto Kerner has urged all motorists to keep headlights burning at all times and to hold speeds to at least five miles below posted limits.

The council's estimate of 420 traffic deaths is higher than the traffic toll counted by the Associated Press in a 78-hour non-holiday weekend survey made between 6 p.m. Friday Aug. 18 and midnight Monday, Aug. 1.

During the four-day Independence Day holiday weekend this summer, 509 persons were killed in traffic accidents, 59 above the council's pre-holiday estimate.

In last year's three-day Labor Day holiday, 415 persons were killed in traffic accidents. Other violent deaths included 83 drownings, 28 in boating accidents and 90 in miscellaneous type mishaps for a total of 616.

Brazil V-P May Cause a Civil War

By THE ASSOCIATED PRESS

SAO PAULO, Brazil (AP)—Vice President Joao Goulart today reached the fringe of the Brazilian border for a dramatic return to claim the presidency that may plunge South America's biggest nation into civil war.

Beaming with confidence, the vice president bided his time in Montevideo—only about an hour's flying time from the border—his rival military forces jockeyed cautiously for position still hundreds of miles apart.

Brazil's three military chiefs, headed by War Minister Marshal Odylio Denys, announced Thursday a combined operation had been launched to subdue the pro-Goulart forces in the southern state of Rio Grande do Sul, the vice president's home.

There were reports of small-scale landings at several points but no fighting was reported.

Goulart, 42, blackballed for the presidency by the military chiefs as a "pro-Communist," told newsmen in the Uruguayan capital his position is "shaping up good" as the week-long crisis created by the sudden resignation of President Janio Quadros seems to near a showdown.

Goulart did not say when, where or how he would make his return entry into the country. But he proclaimed at every step of his slow journey back from a Far Eastern tour that took him to Peiping: "I am returning to Brazil to assume the presidency."

The leftist Labor party leader emphasized he favors a constitutional government founded on Christian principles and declared: "I am not a Communist."

Marshal Denys, army strongman masterminding the interim government, reportedly ordered the air force to patrol the Brazilian-Uruguayan border and intercept the vice president's plane if he should try to fly back. There was some speculation Goulart would travel overland.

It was assumed Goulart would go to Rio Grande do Sul, across the frontier from Uruguay, where State Gov. Leonel Brizola, Goulart's brother-in-law, and Gen. Jose Machado Lopes, commander of the 60,000-man 3rd Army. Both defied Denys and sided with the vice president.

Preparations were made to welcome Goulart at Porto Alegre. Brizola met with state officials Thursday night and reportedly discussed plans for Goulart to set up a national government at the state university in Porto Alegre. Later the governor conferred with Goulart by telephone.

Brizola in a broadcast appealed to interim President Ranieri Mazzilli in "the name of legality and the constitution" to go to Porto Alegre and hand over to Goulart the presidency from which Quadros resigned a week ago. The governor said his forces were not rebels but were committed to maintain the principles of legality.

"We will not fire the first shot," Brizola declared, "but we will fire the second and then many more."

The newspaper Folha de Sao Paulo said 3rd Army forces had occupied Paraguary, a port and rail terminal less than 200 miles south of Sao Paulo, and were advancing north. There was no confirmation of the report.

Tourist Flight Ploughs Into Field, Burns

CHICAGO (AP)—A Trans World Airlines tourist-class airliner with several family groups aboard crashed and burned in a muddy cornfield today, minutes after taking off for Los Angeles. All 78 persons aboard were killed.

The big four-engine Constellation exploded and caught fire as it plowed into the rain-soaked ground 10 miles west of Chicago's Midway Airport.

In Washington, the FBI said it had started an investigation of the possibility that a bomb may have caused the crash.

Most of the 73 passengers were embarking on Labor Day holiday visits. Seven were members of one Los Angeles family.

The crash came shortly after a heavy thunderstorm had raked the area.

The plane, TWA Flight 520, left Boston at 7:45 p.m. Thursday. It was en route to Los Angeles and had made stops at New York, Pittsburgh and Chicago. It left Chicago at 2 a.m. and crashed about 10 minutes later.

Jerry Broz, a farmer whose house south of Hinsdale is only 150 yards from the wreckage, said he heard the plane roar overhead, then apparently start a turn.

"The plane was heading almost due north when it struck,"

"I think he was trying to land," Broz said. "It might have been done successfully—with all the space here. But something was wrong."

The thunderous explosion caused residents of the area to look first southwest, toward Argonne National Laboratories, the Atomic Energy Commission installation which is five miles southwest of the crash scene.

The blast spewed burning oil and scorched the side of Broz' house, melting the plastic screens on windows. A big wheel assembly rocketed through the side of a corrugated steel machinery shed. Inside the shed later, portions of three bodies were found.

The dead were scattered with debris over an area one-fourth by three-fourths of a mile. Scattered effects included a baby bonnet, a bathrobe, shower clogs, a partly burned dress. There were broken traveling bags and suitcases.

As morning came, a hundred or more officials and workers prepared to collect the bodies. A Red Cross emergency disaster unit scissored the field, driving stakes with numbers on them into the soft mud beside each body.

Then, came the specialist team — a group of police officials, Civil Aeronautics Authority and FBI men, physicians.

Such margin, together with any unused surplus of the same carried from the preceding fiscal year, shall be set at a sum sufficient to pay the principal of and interest on the said Bonds for the current year and the next six months, and thereafter maintained at all times in the Sewer Revenue Bond Fund to supplement when necessary the net revenues of the system to the extent required to pay the interest on and the principal of the said Bonds and the necessary fiscal agency charges, and shall thereafter be restored out of the next net revenues of the said sewer system in excess of the payment required to be made under this subparagraph (b).

(c) Sewer Revenue Surplus Fund. In the event that a surplus remains after the requirements of subparagraphs (a) and (b) have been met, such surplus or any part thereof may be used at the option of the City for the redemption of the outstanding Bonds as hereinafter provided. All Bonds redeemed shall forthwith be canceled and shall not again be issued. The City may use such surplus or any part thereof in its discretion to provide a fund for extensions, betterments, and additions to the system, provided that an amount reasonably sufficient for operation, repair, and maintenance, and for depreciation for an ensuing period of not less than twelve months has first been reserved.

Section 4. All sewer revenues received by the City Treasurer shall be deposited by him in such depository or depositories as may be lawfully designated from time to time; subject, however, to the giving of security by such depository or depositories as now or hereafter may be required by law. Both principal hereof and interest hereon shall be payable in such funds as at the time of the respective payments are legal tender for the payment of debts due the United States of America, at the office of First National Bank, in Magnolia, Arkansas.

This is one of a series of two hundred thirty (230) Bonds, aggregating Two Hundred Twenty-nine Thousand Seven Hundred Dollars (\$229,700.00), all of like tenor except as to denominations, rates of interest, rights of prior redemption, and maturities, and numbered from one (1) to two

hundred thirty (230), both inclusive, dated July 1, 1961, and issued for the purpose of providing for the payment of the cost of construction of additions, extensions, and improvements to the sewer system of Hope, Arkansas.

This Bond and the series of which it forms a part are issued in accordance with the provisions of Act 132 of the regular session of the General Assembly of the State of Arkansas for the year 1933 and do not constitute an indebtedness of said City within any constitutional or statutory limitations, and are payable solely from the net revenues from said Sewer System owned and operated by the City of Hope, Arkansas, remaining after deduction of the reasonable monthly expenses of operation, repairs, and maintenance. The said net

revenues have been set aside and pledged as a special fund and identified as "Sewer Revenue Bond Fund" created by Ordinance No. adopted by the Board of Directors of said City on the 17th day of July, 1961, under which this Bond is authorized to be issued, and in the Ordinance the Board of Directors has covenanted and agreed to maintain rates to be charged for the use of and the service rendered by the Sewer System. Such rates shall be sufficient at all times to provide for the payment of the reasonable expenses of operation, repair, and maintenance of the said system, and to provide for the payment of the principal of and interest on said Bonds as the same become due and payable.

This Bond is expressly made negotiable under said Act No. 132 and is issued with the intent that the laws of the State of Arkansas shall govern its construction.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions, and things required to exist, happen, and be performed pursuant to and in the issuance of this Bond have existed, have happened and have been performed in due time, form, and manner, as required by law, and that sufficient of the income and revenue to be derived from the operation of said Sewer System has been pledged to and will be set aside into said special Fund for the payment of the principal of and interest on said Bond.

Bonds of this series are subject to redemption before maturity, from time to time, at the option of the City, in inverse numerical order, at par and accrued interest, on any interest paying date, up to and including July 1, 1966, only from surplus revenues derived from the operation of the Sewer System in excess of the amount required to be paid into the Sewer Revenue Bond Fund, and on any interest paying date thereafter from surplus or any available funds. Notice of the call for the redemption shall be published by the City Clerk of the City not less than thirty (30) days before the date of such redemption by one insertion in a newspaper of general circulation published in the City of Little Rock, Arkansas, and having a general circulation throughout the State of Arkansas, and after the date mentioned in the call, the Bonds or Bonds so called will cease to bear interest; provided funds for their payment are on deposit at that time.

This Bond shall not be valid until it shall have been authenticated by the certificate hereon duly signed by First National Bank, in Magnolia, Arkansas.

IN WITNESS WHEREOF, the said City of Hope, Arkansas, by its Board of Directors, has caused this Bond to be signed by the Mayor thereof and sealed with the corporate seal of the said City, and attested by the City Clerk, and has caused the coupons hereto attached to be authenticated by the facsimile signatures of said Mayor and City Clerk, all as of the first day of July, 1961.

THE STORY: Some of the Indian youths at the Ute reservation are for "taking that deal in Wendell." The deal, as presented, consists of summer jobs to improve relations between Indians and Caucasians. The ulterior motive is to use the Utes for ceremonial dances to attract tourists.

Chapter XI

Brown bombed a spearhead of advancing warrior ants with a neatly flipped rock. "Let's go to Wendell for the summer. Rockability is for it, Little John, Eddie, and some of the others. We should have a ball."

"Yeah, but let's not be stupid. You know as well as me that all they got in mind over there is to rope us into some kind of pioneer shoot-out, knocking off a wagon train, or falling out of the bushes on unwary cavalry."

"All right, so we reenact the Meeker Massacre for them, or wipe out Fort Pueblo, accompanied by Rockability on the guitar. What's the harm? All the time we're learning how to get along in a white society."

"I've done learned," Horseshollar said. "All you got to do is charge twice what anything's worth and you're in. At first—"

He gave a mighty yell and leaped up as ants at last reached his ankles and shins.

"You see?" said Brown, Indian-faced. "You'd rather lie in the sun and be consumed by ants."

"Holly Moses!" Horseshollar cried, beating, rubbing, crushing, and plucking the invaders. "Hey! Some of them got down in my boots!" He began to pull his boots off.

After he had destroyed the enemy, he took a keen look at the ant hill and certain of provocation. "I should have known better, with you around."

Horseshollar rubbed his bites and looked at the devilish glints in Brown's dark eyes.

"You know," Horseshollar said. "I'm getting tired of being lazy. It's only temporary insanity, I hope, but that's the way it is. What kind of jobs have they got?"

"You heard my father—filling stations, stuff like that."

"My dish! I'll take a filling station. That'll give me an opportunity to exercise my talents."

"Now wait a minute," Brown said. "We're not going to try to take the town apart. A laugh here, a laugh there, a little fun—that's all. Nothing crude like those 30 smoke bombs we put on cars at the Fiesta that time."

"Okay, Chief, I get the idea. What happens when they spring the gimmick, wanting us to make like Indians scalping settlers—or whatever it is they got in mind?"

"Why," said Brown, "we make like Indians of course." He grimaced. "With a few modern re-

Take Stand on the Spike Heel Issue

By HAL BOYLE

NEW YORK (AP)—How do you stand on the spike-heel issue? This is developing into quite a controversy.

In question are the high, almost needle-pointed steel heels now being worn by millions of American women ranging from teen-agers to grandmothers.

To the casual male eye a woman wobbling by on these stiltlike shoes is neither more nor less ridiculous looking than the same woman was a few years back when she affected "the sack look" and resembled an unleashed blimp.

But critics of spike heels say they aren't funny. They say they are a private danger and a public menace.

The ladies trip and fall on their proud cold faces, and get up and file damage suits against anyone in sight.

Their heels get caught in escalators, subway gratings, rubber welcome mats, manhole covers, and sidewalk cracks.

Their heels rip expensive rugs to tatters, punch holes in airplanes, and scar and dent the strongest flooring.

As a recent magazine article pointed out, a woman poised on a pair of those ambulant stilts exerts a far greater weight per square inch than does an elephant.

But despite the hue and cry being raised against this style of feminine footwear, I rather favor it—and I'll tell you why.

The other day a fat lady shopper loaded with bundles stood in the street, perspiring in the 90 plus degree heat as she waited for the traffic light to change.

It finally did change, but still she stayed motionless. She tugged and tugged, but couldn't move.

Both her spike heels had become caught in the hot asphalt, and she was slowly sinking into the street. Looking around helplessly, she cried me.

"Don't just stand there gawking," she said authoritatively. "Do something."

Well, as a crowd gathered, I bent manfully to the task. In 15 minutes, with the aid of three passing Boy Scouts, I finally managed to set her free.

The crowd broke into applause, the fat lady mumbled "Thanks," and stomped off—on her toes.

Well, I guess that applause—and being publicly thanked by a woman—kind of went to my head.

In my lunch hours now I hang around subway gratings, manhole covers and office escalators, and so far have managed to rescue four more damsels, caught by the heel and struggling. Now I bow when the applause breaks out.

That's why I am in favor of ladies' spike heels. When the inevitable emergency arises, it enables a fellow to become a knight errant and prove that male gallantry isn't quite as dead as vaudeville.

What to Do When You Feel Unwanted

By HELEN WORDEN ERSKINE

Dear Helen: My mother just doesn't love me! Looking back, I can see this has always been so. When I needed and wanted her to understand things I thought important she laughed or turned away. As a result I've felt unloved, unwanted and alone.

I hoped when I grew older conditions would change, but they are worse. Through most of my teens I had to face problems myself, with only a girl friend to confide in. Even during the difficult age of wondering about sex, my mother told me to find out for myself.

My sister and I were never part of the family. I am 18 now and engaged to be married. Mom admits I'm good wife material but won't teach me how to cook or housekeep. When I try, she pushes me aside.

I shall be married in a year and feel it essential that I learn. She tells me there are no chores to do, yet, when I do something in spite of her, she criticizes me no end. If I express myself in conversation, she shuts me up with "You're to be seen, not heard."

Sister finally left home because of similar treatment. How can I make Mom realize that I am grown and should be treated as a woman, not a child? —J. C.

Dear J. C.: Be realistic and lead your own life. At 18 you now are entitled to do. Take a course in home economics. Join a cooking class. If you haven't got the money, work in the day and go to school at night.

Turn a hardship into a blessing. Accept this as a lesson in self-reliance. If met in the right spirit, you'll be all the better qualified for marriage. And just think of the pleasure you'll derive from children of your own upon whom you can lavish all the love and companionship you've missed in your own life. But surprisingly enough, your mother — once she finds you are no longer scolding her out, will probably turn to, instead of away from—you!

Dear Helen: I'm the weaker half of a couple who married too young. My husband and I were both 16 at the time. Now, less than three short years later, we squabble every minute we're together.

He spans our two little children for no reason at all. He also beats me. Our little girl comes running to me every day, with tears rolling down her cheeks, crying, "Daddy mean, Daddy naughty, Daddy hit." It's more than I can take.

His best friend, also mine, lives nearby. What a kind and understanding man! He plays with the

"We have men on the scene investigating the possibility that a federal law may have been violated," said a spokesman for the FBI in Washington. "Some of those who saw the crash say there was an explosion."

The giant airliner, carrying 71 passengers and a crew of 5, exploded minutes after taking off from Midway Airport at 2 a.m. EST. It plowed into a corn field and burned.

All 76 aboard perished in the flaming wreckage.

It was the third worst commercial plane accident within the 49 states of the U.S. mainland. The Trans World Airlines plane, en route to Los Angeles from Boston with stops in New York, Pittsburgh and Chicago, crashed into a sparsely settled residential district. It did not touch any of the five homes in a new housing development.

The flaming four-engine plane plowed across a path some two blocks long, witnesses said, and burned furiously after burrowing into the rain-soaked corn field.

children and does what he can to ease our hard way. Yesterday, when I asked him why, he said, "because I love you." Now that he has declared himself, I'm even more mixed up about what to do. Help me, I sure need it! —Miserable, Georgia.

Dear Miserable: You have two separate problems: a marriage headed for the rocks and a friend turned sweetheart. The marriage comes first. A husband who beats his wife and children is cruel and cruelly is grounds for divorce in your state.

Do you want a divorce? How would you support yourself and the children, if granted one?

The "good neighbor" should not be a factor, nor should you encourage him. Be free from entangling alliances before admitting him to your life. At present, your judgment is bound to be influenced by the unhappy home conditions. Put these questions to yourself and answer them truthfully: Why did you marry? If for love, is there any chance of reviving that love? Admittedly, your husband is acting the adolescent. Would psychiatric treatment help? Give this thought.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Divorces and Separations."

the stretch on its special session. Even as legislators were looking toward the end of the fiscal session, Gov. Orval E. Faubus was planning another special session on congressional redistricting.

He said he probably will call the session for Sept. 6 or 11, and added that several legislators prefer taking a week off after the end of the current session. He said he might include two or three extra items in his call.

Action on the compromise bill on the overall board was holding up passage of key money bills. After the Senate bill passed Thursday, the House passed its appropriations bills and set them to the Senate.

That left both houses clear to work on the other's bills today.

The Senate board bill would give the overall board advisory power over all fiscal matters at the University of Arkansas and seven state colleges.

A block in the House had been holding out for a board with absolute authority over fiscal affairs. That group yielded to the threat that the session might be extended indefinitely.

The House reconsidered and passed three bills it had turned down Wednesday. But two others were killed by being beaten a second time. They were \$200,000 for the state livestock show and \$75,000 to district livestock shows.

Approved on second thought were bills to give \$800,000 to state parks, \$275,000 for a trade school, and \$100,000 for a state police communications system.

The House passed its version of a bill to give \$122,000 to county fairs but a duplicate was beaten in the Senate. The House would act on all Senate appropriations bills.

Altogether, the House passed \$1,475,000 in bills it had defeated Wednesday. The \$275,000 it saved by killing the livestock show bills may go to the Children's Colony.

The House approved two proposals to set up a continuing construction fund. One would pool excess use and race taxes with a \$2.5 million allocation from surplus general revenues to create a \$4 million-a-year fund.

The other pledges use and race taxes would authorize placing up to \$4 million a year from surplus general revenues into the fund. Approved was a bill by Faulkner Rep. W. H. Sanson to appropriate \$723,000 for the Children's

Youth Killed in Howard Accident

MINERAL SPRINGS, Ark. (AP) — Larry Bell, 9, son of Mr. and Mrs. Francis Bell of Mineral Springs, was killed Thursday when thrown into the blades of the rotary mower on a tractor-powered brush cutter. The accident happened on his father's farm near here. He was riding on the tractor when a wheel hit a tree.

Murphy Dividend

EL DORADO, Ark. (AP) — The board of directors of the Murphy Corp. Thursday declared a quarterly dividend of 12.5 cents per share of common stock.

Colony. Sanson said he wanted the bill ready in case additional construction money becomes available.

A total of \$1,417,000 could become available if the Senate refused to pass the parks, trade school, communications and county fair bills.

Other bills approved in the House and sent to the Senate: Arkansas State Teachers College, two bills, \$800,000 and \$400,000; Henderson State College \$700,000 and \$500,000; Southern Arkansas A&M College \$750,000 and \$200,000; Melroe Sanatorium \$55,000 and Girls Training School, \$50,000.

Senate bills passed by the House included these:

State Hospital \$6,048,440; Arkansas A&M College operating fund \$150,000; State Hospital reappropriation \$1,25 million; State Hospital operating \$650,000; Boys Training School \$100,000; Fargo Training School \$20,000; Negro Boys Industrial School \$20,000; Children's Colony reappropriation \$225,000; Forestry Commission \$50,000; Medical Center operating \$100,000; National Guard armories \$275,000; and History Commission \$25,000.

Bill for Negro Children's Colony

LITTLE ROCK (AP)—A bill to provide \$400,000 for a separate Children's Colony for Negroes was introduced in the House today by Phillips County Rep. Jim Linder.

The proposed Negro colony would be under control of the present Children's Colony board, but the bill stipulates the institution would be situated somewhere other than Conway.

Linder said he personally had come around to the view that Negro facilities should be located at the present colony but too many House members opposed this.

Charges in Korea

PANMUNJOM, Korea (AP) — The U.N. command charged today that North Korean Communist soldiers attacked a South Korean guard post in the demilitarized zone last Friday, killing one soldier and wounding four others.

U.S. Maj. Gen. Robert H. Warren, senior U.N. delegate to the Military Armistice Commission, at a meeting of the commission accused the communists of "an unwarranted, premeditated treacherous attack."

Anxious for Agency on Disarmament

By ERNEST B. VACCARO
WASHINGTON (AP) - President Kennedy is reported more anxious than ever for congressional passage of a bill setting up a new U.S. disarmament agency.

Kennedy is said to feel the bill offers a contract between a U.S. desire for peace and the invitation to an accelerated arms race posed by the Soviet Union's announced plans to resume nuclear weapons tests.

The President's views were reported by a Democratic congressional leader who would not permit use of his name.

While the Senate Foreign Relations Committee arranged another meeting today on the proposed agency, Kennedy scheduled another round of top-level conferences. Secretary of State Dean Rusk was to see the President and while the White House did not list a discussion topic, it was assumed the Berlin and nuclear tests questions would be prominent.

Kennedy also awaited a report from Arthur H. Dean, returning from Geneva where he headed U.S. negotiators at nuclear weapons test ban talks with the Soviet Union and Britain. Kennedy recalled Dean when the Soviets announced plans to test again.

The Democratic leader who reported Kennedy's views also said the Soviet announcement dimmed prospects for disarmament legislation in the waning congressional session.

Some committee members are said to believe approval of the proposed agency, which would coordinate U.S. disarmament policy, would be interpreted as a sign of weakness in the face of the new Soviet threat.

A demand for resumption of U.S. testing is on the rise in Congress. A resolution to this effect has been signed by 13 senators and referred to the Senate Armed Services Committee.

There, Chairman Richard B. Russell, D-Ga., said action would be delayed until next week, when the administration's views will be sought.

In a White House statement Thursday nothing was said about any plans the United States may have to resume testing. Kennedy accused the Kremlin of "atomic blackmail." He also said the United States has a supply of nuclear weapons sufficient for its own and its allies' defense.

The government, meanwhile, is going ahead with talks with Moscow aimed at setting up a multilateral disarmament conference.

A State Department spokesman said John A. McCloy, Kennedy's disarmament adviser, would meet in New York next Wednesday with Valerian Zorin, Soviet deputy foreign minister.

The spokesman said he knew of no change in the purpose of the talks. Similar sessions between McCloy and Zorin were held this summer both in Washington and Moscow.

Tax Collections Show a Decline

LITTLE ROCK (AP) - Sales, cigarette and gas tax collections during August dipped below collections in August, 1960, but Revenue Commissioner J. Orville Cheney saw no significance in the drop.

Special and general taxes for the month totaled \$14,190,576 a drop of \$412,054 from last year.

Gasoline taxes declined \$52,000 to \$3,677,597, cigarette taxes dropped \$15,000 to \$886,793 and the 3 per cent sales tax totaled \$4,665,229, down \$33,536.

Cheney noted the largest drop occurred in state income tax collections. The August, 1961, collection was \$397,395 compared to \$606,223 a year ago.

But Cheney said the income tax figure cannot be accurately judged on a one-month basis.

In the two-month period since the fiscal year started July 1, \$15,617,601 has been collected in general taxes, a rise of \$143,972 over the same period last year. During the same period, special revenues totaled \$13,231,170 some \$402,079 above 1960.

Mantle Collects No. 48, Yanks Lose Contest

The second place Detroit Tigers open a three-game showdown against first place New York tonight at Yankee Stadium after closing within 1 1/2 games of the American League leaders with an 8-2 victory over the Chicago White Sox Thursday.

Minnesota beat the Yankees 5-4 despite Mickey Mantle's 43rd home run. The Mick's shot put him within three of teammate Roger Maris and left him one ahead of Babe Ruth's record 60 paces in 1927. It was one of three homers by the Yankees, who bettered their AL record with 195 for the season.

Cleveland sent Washington to a 13th straight defeat, 2-1, and Kansas City took two from Los Angeles, 17-3 and 6-5. Boston and Baltimore were idle.

In the National League, Milwaukee regained third place with a 2-1 decision over Los Angeles that dropped the second place Dodgers three games behind idle Cincinnati. The Chicago Cubs beat San Francisco 6-1 and St. Louis defeated Philadelphia 2-1.

The Twins finished their season series with New York with their fourth victory in the 18 games and they did it with a five-run third inning. Rookie Roland Sheldon (9-4) was the loser, but it was reliever Jim Coates who gave up the deciding hit, a two-run homer by Jim Lemon. Southpaw Jack Kralick (12-9), won it. Bill Skowron and Hector Lopez socked other Yank homers, bettering by two the AL record of 193 set by New York last season.

Billy Bruton and Norm Cash, the AL's batting leader (.365) who had missed a game because of illness, cracked two-run homers as the Tigers ended Chicago's winning streak at six. It was the 11th victory in 14 games for the Tigers, who scored the winning run off Frank Baumann (9-11) in the second on a single by Mike Roark, a sacrifice by winning right-hander Paul Fozek (10-8) and a double by Jake Woolf.

Willie Kirkland's double won it in the third inning for the Indians, who counted their first two runs in the second on Woodie Held's homer off loser Bennie Daniels (8-9). Jim (Mudcat)

Squirrel Season Set by Zones

LITTLE ROCK (AP) —Arkansas' squirrel season this year will be the same as it was last year. The season will open Sept. 15 and run through Dec. 15 in the northwest zone—that part of the state north of Highway 64 between Fort Smith and Beebe and west of Highway 67 between Beebe and the Missouri state line.

In the southern zone, the season will open Oct. 1 and run through Dec. 31.

The limit again is eight squirrels daily.

Leaders Idle, Braves Go Into Third

By ED WILKS
Associated Press Sports Writer

The Milwaukee Braves scored the winning run on a double steal and climbed back into third place with a 2-1 victory over Los Angeles Thursday night that dropped the second place Dodgers three games behind idle Cincinnati in the National League pennant race.

Milwaukee edged past San Francisco into third place when the Giants lost to the Chicago Cubs 6-1 for their sixth defeat in seven games. St. Louis beat Philadelphia 2-1.

In the American League, Detroit defeated the Chicago White Sox 9-2 and moved within 1 1/2 games of New York going into tonight's opener of a three-game showdown at Yankee Stadium. The Yankees, despite Mickey Mantle's 43rd home run, lost 5-4 at Minnesota. In the only other games scheduled, Cleveland edged Washington 3-2, and Kansas City swept a doubleheader from Los Angeles, 17-3 and 6-5.

The Braves nailed the Dodgers with a second inning home run by Frank Thomas and the third inning double steal by Lee Maye and Hank Aaron. It was home run No. 7 for Thomas and one of six Milwaukee hits off loser Don Drysdale (10-9). Rookie Bob Hendley (5-3) won it.

The Cubs chased Juan Marichal (13-9) while collecting all of their 10 hits in the first three innings. Southpaw Jack Curtis (9-10) was the winner, blanking the Giants on six hits.

A two-out triple by Stan Musial broke a 1-1 tie for the Cards in the ninth. It scored Ken Boyer, who reached base with the only walk given up by loser Art Mahaffey (9-18). Bob Gibson (10-10) was the winning pitcher, blanking the Phils over the last eight innings on four hits.

Arkansas Team Loses at Wichita

WICHITA, Kan. (AP) —Top-seeded Eureka, Calif., scored an easy 9-3 victory over Osceola Ark., Thursday in the National Non-pro baseball tournament here. The game was automatically called after seven innings because of the six-run spread.

Osceola will play Wichita today in the double elimination tourney. A second defeat will eliminate the Indians.

Broyles Sends Men Through First Session

FAYETTEVILLE, Ark. (AP) —Coach Frank Broyles drove his Arkansas Razorbacks to the practice field at 8:30 this morning for the first time in the 1961 football season.

Seventy-one of them checked out equipment and took physical examinations Thursday in preparation for fall practice. Halfback Lance Alworth turned up with an allergy that made his eyes water. He made a quick plane trip to Little Rock for treatment.

The Hogs have three weeks to get ready for their toughest opening game—with Mississippi Sept. 3 in Jackson.

Two-a-day workouts are scheduled through Sept. 13. The afternoon sessions are canceled for 3:30 p.m. All workouts are closed and streets around the field are appropoled.

The only man not in uniform was sophomore fullback Frank Blew of Fayetteville. He was slightly injured in an auto wreck a week ago and he may be out two or three weeks.

In uniform and ready to go was Harold Horton, the tough little defensive halfback who may be yanked from the football camp to the army camp Oct. 1.

His De Witt National Guard unit has been ordered to active duty Oct. 1 and the Pentagon has said there will be no deferments for college students.

Coaches are expected to find out from Army officials what Horton's status will be.

The Hogs took anti-flu shots Thursday during physical examinations. All appeared in good physical shape, but Broyles won't know until today how much summer he'll have to take off before opening day.

Arkansas will be out for its third straight Southwest Conference championship, but the Hogs are far from solid favorites in the conference race.

Southern Play Is in Last Stages

By THE ASSOCIATED PRESS

The Southern Association Baseball season is in its dying stages—the official end comes Monday—but there's still no clear cut pennant winner.

And the elements aren't helping matters. Rain Thursday night forced cancellation of a doubleheader between first-place Birmingham and Atlanta and a single contest between second-place Chattanooga and Little Rock.

Thus, with all the teams in a final series, Birmingham's Barons hold a one-game edge over the Lookouts. No other team is in contention.

In the two contests played Thursday night, Macon bombed Mobile 9-0 and Shreveport edged Nashville 2-1.

In the final four-game series, Mobile is at Atlanta, Birmingham entertains Macon, Little Rock is at Nashville and Chattanooga travels to Shreveport.

Emil Panko's three-run homer was the big blow in Macon's conquest of Mobile. The victory went to Don Gross who checked the Bears on five hits and didn't permit a runner to go further than second base.

The Shreveport-Nashville game featured an interesting pitchers' duel between Buddy Blenker of the Sports and John Davilio of the Vols. Neither was around at the end of the contest, however. A bases-loaded error by Vol shortstop Phil Shartzer in the seventh inning allowed the winning run to score. It was a tough break for Shartzer who had turned in four sparkling plays earlier in the game.

Favors National Letter of Intent

FAYETTEVILLE, Ark. (AP) —The 10 days preceding the start of football practice have convinced Arkansas coach Frank Broyles of the need for a national letter of intent.

"The other coaches and myself have been on the go when we should be getting ready for practice," Broyles said Thursday. "We need that national letter so coaches and boys will know early where they are going to school and then they can make their plans."

A number of conferences have adopted the letter of intent procedure. Once a boy signs with a school other conference schools are barred from talking with him. But a boy who signs with a Southwest Conference team for instance may be approached by schools in other leagues.

There has been talk of a national letter of intent plan through the National Collegiate Athletic Association.

College Grid Teams Buckle to Hard Work

By JACK CLARY
Associated Press Sports Writer

The nation's college football teams, almost oblivious to how the Labor Day weekend will be spent elsewhere, buckle down to two-a-day drills today in preparation for the season which begins in earnest three weeks from now.

A number of new coaches are set to roll out their own teams for the first time, from Iowa's Jerry Burns, given the best chance to lead the 1961 national champions, to Virginia's Bill Ellis, who inherits college football's longest losing string of 28 games.

Along with Iowa are Kansas, Louisiana State, UCLA, Penn State, all picked as the teams to beat for the national title.

Burns welcomed 19 lettermen, Penn State with 15 lettermen back, tops the East's independent. Quarterback Roman Gabriel led

including eight starters from last year's Big Ten co-champions, as he took over for the retired Forrest Evashevski.

Minnesota, the defending national champion who shared the 1960 Big Ten title with the Hawkeyes, lost five lettermen, including All-America guard Tom Brown, and is not expected to be the threat this year.

Kansas Coach Jack Mitchell is faced with the loss of halfback Bert Coan, who broke a leg in spring practice, but is more than consoled with all-around quarterback John Hadl, halfback Curtis McCClinton, and a large, mobile line that makes the Jayhawks the team to beat in the Big Eight.

Louisiana State, whose iron-clad defense led the nation in being least scored upon, is loaded with juniors and will give defending Southwestern Conference champion Mississippi a battle for the top spot.

Penn State with 15 lettermen back, tops the East's independent. Quarterback Roman Gabriel led

North Carolina State's contingent of 17 lettermen picked to oust defending champion Duke in the Atlantic Coast Conference.

Rice has 22 lettermen back and is picked to take the Southwest Conference crown from defending Arkansas, which has been hurt defensively.

UCLA, with tailback Bob Smith ready to step in for the graduated Bill Kilmer, also is show off 24 veterans as it battles for the Big Five title.

Ohio State, still strong in the Big Ten with fullback Bob Ferguson and guard Mike Ingram heading 26 lettermen, begins practice sessions Monday.
